Customer Reviews

Helpful book. Great place to visit but $$$$$

Just what I needed for my vacations in Turks and Caicos.It had some years but some additional info about diving companies should be added.

I purchased this book after having vacationed in the Turks and Caicos Islands for 10 days, and

dived 16 of the dive sites mentioned in the book...some of them twice. The descriptions are very precise, as I was able to compare the authors comments with my own that I recorded in my dive log. It's not the first and only Lonely Planet Diving and Snorkeling Guide that I own, nor will it be the last.
