Customer Reviews

Tim Gilles has authored or coauthored several textbooks and has been active in professional associations for many years. He was president and a board member of the California Automotive Teachers (CAT), a board member and election committee chair of the North American Council of Automotive Teachers (NACAT), a member of the California Community College Chancellor's Trade and Industry Advisory Committee, and education committee chair for the Santa Barbara Chapter of the Independent Automotive Professionals Association. Mr. Gilles has also served several terms as a board member of the Santa Barbara Automotive Service Council and is active in industry associations such as AERA, The Automotive Repair Coalition, and IATN, including delivering presentations at numerous conferences. He was an automotive teacher for 38 years and is professor emeritus in the Automotive Technology Department at Santa Barbara City College. Mr. Gilles has held the industry certifications of ASE Master Automotive Technician and ASE Master

Engine Machinist.

Very good book for students or anyone wanting to learn or review basic service and diagnostic procedures. Great book for DIY. Very good illustrations and photos.

Pretty comprehensive

As a "Do it yourselfer" I picked this book up as a reference manual. The level of coverage is incredible, the explanations and illustrations are also very good. Overall very happy with this purchase.

This may be the most comprehensive automotive service book for the general public. Some engineering and math related explanation are off. A least one gross typos every chapter.

This is an amazing book! I used the previous editions while I was going to school. Even though I purchased the book in a new condition, it arrived at my door step with some minor damage to the front cover. But I still recommend this book!

Completely met my expecations. Book was used but in MINT quality. No ripped pages, missing pages, or writing in the book AT ALL! A+

Easy to understand. The images help out. I would like to buy the book.Right now I'm renting.Will I be able to get credit

Excellent turn around time. New book
