This book gives a very comprehensive picture of what it takes to be a school nurse. My wife is a new school nurse, and this book has helped her dozens of times. Yes, it can be a bit dry at times, but what textbook isn't? If you want straightforward knowledge on the profession of school nursing, look no further. No book will have more information, and the NASN organization is the gold standard in school nursing.

I recently started working as a school nurse and find this text invaluable. I have used this as a

reference for many situations that I have dealt with. I would highly recommend to anyone new to the school nursing field.

This is an excellent resource for new school nurses. It is an easy read and the information is thorough.

A good overview for new and old nurses. Recommend for any nurse breaking into this field.

An invaluable resource for every school nurse. It's so easy to get engrossed in this book, you'll almost forget what you were looking up in the first place!

Great school nurse resource.

excellent book!! I had to buy a second copy because my coworkers kept asking to borrow my book

This will be my go-to book for everything school nursing brings along and it's a good basic textbook for nurses.
