OUTSTANDING CHOPIN NOCTURNES EDITIONIn my opinion, this is the best edition of Chopin Nocturnes. It is carefully edited with excellent suggestions on phrasing and fingering.The print is larger than most editions.

Excellent sheet music, very readable! Currently my favorite Chopin music to play - close second Debussy. This edition has fingering suggestions and pages stay open pretty well. Highly recommend.

Really nice clear notations and fingering. A pleasure.

Daughter never used it, but it was good.

classic

This was a replacement for a volume I couldn’t locate anywhere in my collection; the edition was new to me, and I find it very clear and easy to read from. The commentaries were also new to me,

and I found that they shed interesting sidelights on the music (which I already played). I will look for this edition in future.

would give a five star because of authenticity but not the best quality paper. But still wouldn't purchase anything else but a Paderweski edition

This is not the real version. It's not complete and I am disappointed. Don't recommend for someone who really want the real version from Poland.
