Synopsis

If you’re a dinosaur, all of your friends are dead. If you’re a pirate, all of your friends have scurvy. If you’re a tree, all of your friends are end tables. Each page of this laugh-out-loud illustrated humor book showcases the downside of being everything from a clown to a cassette tape to a zombie. Cute and dark all at once, this hilarious children’s book for adults teaches valuable lessons about life while exploring each cartoon character’s unique grievance and wide-eyed predicament. From the sock whose only friends have gone missing to the houseplant whose friends are being slowly killed by irresponsible plant owners (like you), All My Friends Are Dead presents a delightful primer for laughing at the inevitable.

Avery Monsen is an actor, artist, and writer.Jory John is a writer, editor, and journalist. They are friends, and neither is dead. Yet.

Everyone who comes to my apartment and reads this book dies laughing. Now all my friends are

dead.

Got this as sort of a gag gift for my hubby on his Birthday and it's turned into the best coffee table book ever! Every time we have friends over it's inevitable that someone will see this book on the coffee table, pick it up, and start reading. Soon laughter ensues and others are reading along. And here I thought it was going to seem obnoxious to some people but so far everyone who sees it thinks it's hilarious. It is fun and a quick read. A great gift and super fun book for all the big kids in your life.

This book is a must read. Some friends are undead, some friends are hoaxes, some friends are end tables, some friends are bread, some friends are obsolete, who knew? And, then, some friends are followers, some are Kentucky fried and some are puddles.When you think about it, it is a wonder anyone is alive. Are your friends all dead or turned into something else? Please report back, we need to know.Recommended. prisrob 07-24-17

This small book is perhaps not for everyone but it made me laugh and I enjoyed sharing it with several of my selected friends. It is a quick book to read and the title was well selected. The humor is as one of my friends said sick humor! I really enjoyed this book.

Really funny book, great for older kids and teens to laugh about.(Book number too goes a bit too far though,kinda crude certainlt irreverent.)

What a laugh! This is good for those who are moving towards old age but haven't yet had to deal with the reality of the deaths of aging friends.

This book is hilarious! I bought this for a holiday party at work and it was a hit! I read the book before wrapping it and I couldn't stop laughing.

Originally I found this book at a thrift store and had to have it! I have loaned it to several people and they found it as entertaining as I did. I recently misplaced it, and I knew I had to replace it. BONUS: the seller said it was in good condition, but I would say it was excellent! Hilarious read.
