Herakleion Museum: Illustrated Guide (Ekdotike Athenon Travel Guides)

Synopsis

From the remote Neolithic period the soil of Crete has lovingly protected priceless treasures, which have been, and are continually being brought to light by archaeological excavations. These masterpieces of Cretan, and especially of Minoan civilization, are now displayed in the Herakleion Museum, and form a collection of unique value. The publication of the Guide to the Herakleion Museum by Ekdotike Athenon is intended to help the visitor to become acquainted with the treasures of Cretan art in a scientific and methodical way, and, through the exhibits, to trace the evolution of the civilization of the island throughout the many centuries of its history. The structure and composition of the book has been designed with these aims in mind, and the relevant photographs are set out alongside the text. The visitor thus has the opportunity to come into contact, room by room, with the great artistic achievements of Minoan civilization, and to form an idea of the character of its unique cultural heritage.

Customer Reviews

Although this voluminous booklet is primarily intended for use during a visit to the Herakleion Museum (viewing artifacts case by case), it's numerous high-quality color pictures of the artifacts and the informative annotations give it considerable value even for people who have not traveled to Crete. This entire series of illustrated booklets is very good, each title of which provides great pictures and a wealth of information.

A good informative museum book. A good read before a trip to the museum. Because of its size, I

would leave it home.
