Synopsis

The Psychic Twins have amazed audiences all over the world with their eerie predictions that have proven to be true, including the events of 9/11, the Times Square Terrorist incident, natural disasters and more. They've also worked with countless clients who report that their predictions later came to be true. In PSYCHIC INTELLIGENCE, Terry and Linda Jamison explain, step-by-step, how to dissolve the blocks that can prevent you from using and trusting your own intuition. By exploring what they call the Four Clairs: clairvoyance, clairaudience, clairsentience, and claircognizance, you will be able to tap into these feelings and in turn:--Create strong and worthwhile relationships, including finding true love--Attract wealth and abundance--Know when to make a career change, and what the new path should be--Experience vibrant health--Discover your authentic self and life's purpose

Now, at a time of real economic and social uncertainty, when hope is needed and so many are feeling confused and fearful, PSYCHIC INTELLIGENCE will show readers that we all have the power to tap into and control our own destiny.

To many, the word "psychic" conjures up images of people who are charlatans or people out of touch with reality living in a fantasy world. Not so here. As the title implies, this book is not filled with mumbo-jumbo and the Jamison twins are not the airy-fairy types. Packed with information and immersed with personal stories throughout, Terry and Linda Jamison share their insights and cover many topics leading to individual growth including how to discover your higher purpose and how to achieve happiness from within. They offer concrete exercises, tips and tools you can start using right away to explore, test and develop your own intuition. I found this book most inspiring and a comfort to read. It's like getting guidance and advice from two caring trusted friends whom are subject matter experts in their field.

As a person who has read everything there is on the subject, I can honestly say I really enjoyed this book. They didn't say much that I didn't already know, but for the first time it registered with my Soul. The chapter on protecting oneself from Psychic Vampires was very informative. There were questions I needed answers to, and as if a higher power was at play those questions were answered. I have never heard the word Claircognizant, and as I read the chapter I soon found out the name for what I have been experiencing my whole life. It was also the first time someone has mentioned "a ball of light" because this was exactly what my daughter saw as a child. Thank you Jamison Twins for your help!

This book is a real gem. I have been practicing my psychic abilities for almost ten years now and this book has everything that I have learned from dozens of books combines in one. The exercises that the book has to increase your psychic abilities are also very wonderful. If you are looking for a book to start building your psychic abilities or you want to advance your already existing psychic abilities; then this is the book you should get.

Who knew that deep down inside that there were powers in me. I've learned a lot of spiritual things and received a lot of great advice from this book. It's a book that I'm definitely going to keep reading over and over again to keep my sixth sense up and be perfectly healthy physically and spiritually.

As an intuitive astrologer who follows The Psychic Twins, and had an amazing and very helpful and

incredibly accurate reading from Terry & Linda Jamison, The Psychic Twins July 24, 2010, I got this book upon release, and read it. One of the exercises in this book , a creative brain storming and writing things down at 37,000 feet over the Atlantic on a trip back to the USA resulted in the family nursing care business (Highland Home For Senior's) implementing construction and remodeling of private toilets in some of the rooms, a marketing and profit boost to a business in the family well over 30 years now. Another technique in this book helped me calm serious anxiety of leaving a close and dear friend and loved one on a long international flight, on the way to the airport, even though I had traveled 8 years internationally, expat and tourist style, in over 24 countries at that point, the advice I recalled and implemented from this book (affirming away the negative, etc.) really helped me in a time I was seriously 'caught off guard', even though I had vast and repeated experience. Highly and strongly recommended, a practical work from the world's most documented, extremely accurate Psychics.

I've been searching for a book to help me understand this process of my life. This is an easy read, actually the more you read it, the more things you missed the first, second time around. Definitely helps me with this main subject in my life.

I have already been "tuning in" for some time now, but this book was a great tweak in several areas for me. It also encouraged me to develop my non-dominant clairs. A great read, wonderful journal prompts to explore yourself.

I have bought and read just about every book on the subject of psychic development and this is by far the best book I have ever read on the subject. Terry and Linda gives you everything you need to know to develop you own psychic intelligence. It is also a great book for just the curious. I learned so much and it is my go-to book when I need refreshing on the subject. I highly recommend this book to everyone. Well done, Terry and Linda!
