Customer Reviews

From the dangerous voyage across the Atlantic through the first harsh winter to the delicious Thanksgiving feast, all the excitement and wonder of the Pilgrims' first year in America is captured in this vivid retelling that is perfect for the youngest historians.

Katharine Ross has worked in children's publishing for many years. She has written scores of children's books under a variety of noms de plume. As Kate Klimo, she is the author of the bestselling [The Dragon in the Sock Drawer](#), the first book in the Dragon Keepers series. Carolyn Croll has illustrated many popular children's books, including several that she also wrote. She lives and works in Philadelphia, Pennsylvania, amid her collections of folk art, toys, books, and beads.

I got this book to use in my Thanksgiving unit in second grade Social Studies. The children really enjoyed the story and learning facts about Thanksgiving, the pilgrims, and Native Americans and it was written in such a way that it's easy for them to understand. It really helps teach a child the real meaning behind Thanksgiving and that we should be thankful for the things we have. The illustrations are colorful, bright, and detailed. A great intro for children about the first Thanksgiving!

I liked the simple explanation of the Thanksgiving story that this book gives, but it has some outdated language ("savage indians").

A good telling of the story in words that young ones can understand without being overly juvenile.

Super cute book for younger kids.

Entertaining and educational.

ok

Very cute story. It's a great intro to the first Thanksgiving from the Pilgrims perspective. I recommend pairing this with a book from the Native American's perspective if you're buying it as part of a classroom series.

Great story for teaching Children about why we celebrate Thanksgiving.
