Moo Baa La La La

Synopsis

This raucous story about the sounds animals make—including three pigs who say "la la la!" is just right for reading aloud. Serious silliness for all ages. Artist Sandra Boynton is back and better than ever with completely redrawn versions of her multi-million selling board books. These whimsical and hilarious books, featuring nontraditional texts and her famous animal characters, have been printed on thick board pages, and are sure to educate and entertain children of all ages.

Serious silliness for all ages. Artist Sandra Boynton is back and better than ever with completely redrawn versions of her multi-million selling board books. These whimsical and hilarious books, featuring nontraditional texts and her famous animal characters, have been printed on thick board pages, and are sure to educate and entertain children of all ages.

Sandra Boynton is a popular American cartoonist, writer, children's author, and songwriter. Since 1974, Boynton has written and illustrated over forty children's books and seven general audience books, including four New York Times Bestsellers. More than 35 million of her books have been

sold— "mostly to friends and family," she says. She has also written and produced five albums of award-winning children's music. Three of her albums have been certified Gold, and Philadelphia Chickens, nominated for a Grammy, is nearing Platinum. In 2008, she was awarded the Milton Caniff Lifetime Achievement Award by the National Cartoonists Society.

My toddler and I love Sandra Boynton books. This one was one of our favorite when she was a bit younger. I would read the book but leave it for my child to fill in the blanks and say the animal sounds. At the end of the book, I would point at the different animals and ask her the name of the animal or the animal sound. Even though she's mastered animal noises and names she still picks this book up from time to time. Wonderful simple read that helps teach young kids about animals and their noises.

Sandra Boynton writes, hands down, my favorite children's books. I learned about them when our school librarian bought a couple for my daughter. Her illustrations are adorable and her stories are too! Barnyard Dance is my favorite, but I won almost all of them. Some are educational (Opposites) and some are just fun (Dinosaur Dance). I have also bought these as gifts and everyone absolutely adores them. If you are looking for a short, fun book for a little kid, get one of these. They might not be complex enough to hold the attention of older kids though (but I don't know because I don't have any older kids).

I have read this book to a lot of kids and they all love it! It also came in excellent condition.

Sandra Boynton is one of our favorite authors for bedtime - the books are a manageable length with cute images and catchy written words. This particular option is great because it teaches little ones different animal sounds. We started to read this book a month before a visit to a farm animal sanctuary, and he was mooing, baaing, and oinking at all the animals. Definitely a worthwhile add to your little one's reading collection!

My daughter adores this book, and will happily listen to me read it over and over; it's one of the ones she picks most often for story time. Sandra Boynton is one my favorite baby book authors; the flow of her books is good, she incorporates tons of animals and animal noises, which my daughter adores, and the illustrations are cute and engaging. I'm slowly collecting them all, and strongly recommend this book to anyone with a baby / toddler.

Sandra Boynton's works are a staple in our baby/toddler/preschooler library. I am not going to sugarcoat this...if you want your kids to grow up to be intelligent, kind, generous and successful, you must get this book. And don't forget "But Not the Hippopotomus" or "the Going to Bed Book!" Yes, there is still a chance they could get into Ivy League schools without some of these foundational masterpieces, but why chance it?! If their futures matter at all, click "add to cart" now!!Ok but really...how would we choose the best Boynton books? My favorite might be The Going to Bed Book but our kids adore this cute little animal sounds story. They also love Barnyard Dance and Snuggle Puppy with similar fervor.You can't go wrong with any of them!!

Sandra Boynton is my favorite for littles!! I bought this as a baby shower gift as typically everyone is buying clothes for the new baby and I wanted to make sure this little one didn't miss out on the fun of these books!! I read them to my son 20 years ago and he LOVED them! They were short enough and durable enough to get years of use.

Sandra Boynton is one of our favorite authors for when the kids were little. I purchased this book for a friend for their baby shower and they loved it too. Boynton pulls in the youngest "readers" with her sing song story and adorable pictures. This specific title was a favorite for my kids and I can still recite the book by heart without looking at the pages.
