Tort Law And Alternatives: Cases And Materials (University Casebook)

Synopsis

Tort law remains a dynamic field, subject to constant refinement and rethinking. The Ninth Edition reflects these evolving developments in recent case law and legislative activity, as well as commentary ranging from the almost-completed Third Restatement of Torts: Liability for Physical & Emotional Harm to emerging tort issues arising from the Internet. The principal focus of this book is the law of negligence, strict liability, and no-fault legislation as alternative approaches to compensating the victims of accidental harm and creating optimal incentives to safety. This leading casebook covers all major aspects of tort law with expertly edited cases, and original text. It also includes comprehensive chapters on intentional harm, damages and insurance, defamation, privacy, and economic torts.

Book Information

Series: University Casebook

Hardcover: 1392 pages

Publisher: Foundation Press; 9th edition (May 6, 2011)

Best Sellers Rank: #196,535 in Books (See Top 100 in Books) #47 in [Books > Law > Business > Torts](#) #2078 in [Books > Textbooks > Law](#)

Customer Reviews

Torts sucks but 5 stars anyways because the book was a well made book and it's not the it's fault it was made into torturous subject matter.

fast delivery, great book for students studyng torts!

great

Great

very good and cheap

GOOD

worst textbook ever. some cases does not match the concept my prof was trying to teach so it takes forever to understand why the case was even there/or assigned. Even my prof agrees (then why the heck did he still assign the book? no one understands.) if your prof assigned this book for torts, go pray to Jesus and then buy one of the case brief books. you will need it. good luck.

It's a standard casebook. I'm guessing if you're here, it's because this book was assigned for your law course. If, by the time you read this, there's newer edition released, you're potentially pleased because you have an understanding professor that allows older editions. Or you're just staring wistfully at the old edition, frustrated that there's a \$100 difference between an old edition and the most recent copy.
