The story of the Mount Kenya Safari Club

My interest in this book is because of a relation to one of the original investors. My mother worked for Carl Hershman in his New York office. She told me stories she heard from Mr. Hershman, it sounded like such an interesting adventure. I was curious to see photos of the lodge/club. Many famous people stayed there over the years.

This is a beautiful book that's been out of print for a while. It recounts the fascinating and glamorous history of a magnificent place that holds a special spot in my heart. I doubt that it will return to the presses, at least not without much revision, as the Fairmont hotel chain has purchased the property. But let me say that I still encourage people to make this a part of any luxury Kenyan safari.

I bought this for a gift. It was shipped from the Goodwill of Orange County. The price was right, the shipping fast and the book is in sufficiently good quality.
