The Ultimate Guide To Hot Rods And Street Rods

Synopsis

A hot rod is an automobile rebuilt or modified for high speed and acceleration. Hot rods are more than that—they're an American icon. Hot rods can be found on the streets and at the dragstrips. This beautifully illustrated guide provides a history of hot rods in America from their first appearance with "souped up" Model T's of the 1920's through the 1940s, 1950s and beyond. With chapters on each decade of hot rod, complete with full color photographs of these magic machines in action, this book provides a comprehensive history of American hot rods and street rods. Other chapters delve into hot rod culture, examining the people and enthusiasts who have shaped the evolution of this type of automobile, and the events that draw hot rod enthusiasts from all over the world. A glossary provides a comprehensive resource for readers.

Book Information

Hardcover: 448 pages

Publisher: Chartwell Books, Inc. (August 15, 2012)

Language: English

ISBN-10: 0785829598

ISBN-13: 978-0785829591

Product Dimensions: 1.5 x 11 x 8.5 inches

Shipping Weight: 4.6 pounds

Customer Reviews

Discover antique, classic and newfound relics in this amazing collection of automobiles. For serious collectors or curious beginners. The automobile is not only regarded as having shaped America, its birth and early life can also be seen as a microcosm of the history of the 20th century - often referred to as the American century. --This text refers to an out of print or unavailable edition of this title.

John Carroll has long been a fan of street rods, especially rods based on the 1932 Ford. He has also written extensively on American automotive specialties, including choppers,

Harley-Davidson and Indian motorcycles, Jeeps and tractors, collaborating with photographer Garry Stuart on many of these projects. Garry Stuart has been photographing cars and motorcycles professionally for 20 years, and his pictures have appeared in magazines and books throughout the world. He has met many interesting characters along the way, and has listened to their stories with interest. Much of this anecdotal material, gathered when he was taking these pictures, was personally related to him by Californian hot-rodders themselves and appears in the latter part of this book.

Not for me

A great coffee table book, but there were some notable errors found in a couple of profiles in the HOT ROD PEOPLE chapter and a lot of the picture are of cars outside the US (RH drive and the larger black number plates)... but all in all a nice bang for the buck!

Fantastic book - beautiful photos - excellent history of Hot Rods - A must have for anyone into classic Hot Rods!

This was a gift and the Dad loved it! It arrived well packaged and not a lick of damage to the book. Bright color pictures and a great coffee table book.

I bought this book for my husband for Christmas. He is the most car crazy man I have ever met! He is currently building his own 1947 Street Rod... and he loves this book.

It was a gift for my brother. He lives in Puerto Rico and has a car just like the one shown in the front of the book. HE LOVED IT !!!! Thanks

Enjoyable book for novice or collector. Lots of great photos and memorabilia to view. I think most hot Rodgers will enjoy the coffee table book

I love car books
