The Merck Manual Home Health Handbook

Synopsis

Now in paperback – the most comprehensive home health reference bestseller Millions of people around the world have relied on The Merck Manual Home Health Handbook for quick access to authoritative, accessible health information. Written by more than 300 internationally respected medical experts, this comprehensive medical resource features extensive, up-to-date coverage of health care for newborns, the elderly, and everyone in between. Contains reliable, up-to-date information on a broad range of medical conditions, illnesses, and situations, including accidents and injuries, aging, cancer, diabetes, digestive disorders, heart disease, mental health disorders, and many others. Covers men's, women's, pediatric (both newborns and older children), and geriatric health issues. Well organized and extensively indexed to make information easy to find. An extraordinary bargain at a penny a page. The Merck Manual Home Health Handbook is filled with essential medical information that's both easy to find and easy to understand in order to help you communicate more effectively with your doctor, understand a diagnosis or treatment option, or simply know more about your health and the health of those you care about.

This book is a very good investment to have in your house! It covers all medical problems in detail.

A must have reference book for nurses. Organized and written for easy navigation. Concise explanations of disease entities and treatments. Have maintained current copy of this great reference book through the many years of my career.

received quickly. satisfied with product

I had a weird problem with dizziness, and this book totally helped me define it and treat it with the Epley Maneuver. I have had a copy of the Merck Manual in the house for 20 years, and it has been indispensable in giving true, realistic, no-nonsense medical advice that the intelligent layman can understand.

Comprehensive - great resource (at a great value) to have at home!

My go to medical information source. Comprehensive, detailed, but easy to understand. Have used

the previous editors for years.

Very Good!

always an awesome book just wish i would have gotten hard copy instead of on kindle-as not as easy to look up informtion in glossary form--too hard to reference on kindle at least for me
