One of the best books on Ball Pythons !!

A great guide for beginners.

This is a really good step-by-step guide to first time snake owners. After reading the other reviews for this, I do agree with them in that it could use some more elaboration on certain topics. But, it is really informative & useful. Don't pass it up!

Very informative. Covers the various topics that are necessary.

Good book on ball pythons gives lots info
