Customer Reviews

This is a really great intro origami book for kids and - actually - anyone who is starting out and wants to do some impressive folding. The paper in the back is great and the selection of designs is well thought out - some basic and some higher level. I got this for my nieces who were visiting and they ran through all the paper and had a ton of fun with it. Really a wonderful book.

A good selection of some fun origami projects. Above beginner level, though.
