This is my second time reading this book. I read it with our former praise team when I lived in Virginia about ten years ago. Now we live in Florida and we are reading through it again with another praise team at a different church. This book is just as relevant now as it was then. Because I am a church musician, the words of this book are almost as if I were looking into a mirror. It is almost as if Rory wrote this book to me personally although we have never met. He gives great solutions to avoid pitfalls in church ministry whether you are an instrumentalist, a vocalist, a sound technician, or a leader in the music ministry. If you serve in the music ministry at your church in any capacity, I highly recommend this book.

This book is the very best primer I've found for worship teams. It is essential for Worship Leaders to know why we do what we do, and to know that our worship team members are there for the right reasons. After 20+ years in music ministry, I still use Rory Noland's *Heart of the Artist* as a manual for new worship team members, and it can be used as a Bible study for the whole team. Too often we focus on the mechanics of leading worship, e.g. playing or singing the right notes the right way, which is very important, yet we sometimes fail to address the "heart" of the matter. If you are a worship leader who has struggled with "difficult" band members, had to fire someone from the team, or even if you are simply struggling with feeling motivated, this book is essential for you to read. Mr. Noland gives biblical support for all of his points and makes clearer the murky area of serving with artistic temperaments. This book was a groundbreaker when it was written, and though there are many sources available today, "The Heart of the Artist" is, in my opinion, still the best manual out there for building and maintaining a worship team with a right heart.

I bought this book back in August but I didn't have a yearning to read it while up at college. Now that I'm back home and have more free time than I can deal with, I decided to open up the pages of this ebook. The book is divided into ten chapters dealing with topics that most have either experienced or witnessed in the church. The following topics were on character, humility, teamwork, excellence vs perfectionism, handling criticism, jealousy, managing emotions, leadership, sin, and spiritual discipline. Not stating specific sins I know I have struggled with each topic. Each chapter opens with a fictional scenario that can happen anywhere. The author goes into detail on how and why we struggle and what does the Bible offer for council. He then ends every chapter with questions on the topic for group discussions though they can be use for self evaluation. I didn't particularly like reading this book. It wasn't because the information was baseless but because it was too

convicting. I've been struggling with bouts of doubt and depression and this book confirmed the conclusion I arrived to, no matter how hard I try I can't save myself. None of my gifts, skills, or talents could ever relieve me of the burdens of my heart. Only Jesus can save. The gifts we were given to Him are to be used to give Him glory and praise. Though you could get all this information from the Bible or a book on discipleship, I appreciate the effort the author took to target the artists (musicians, singers, dancers, poets, a/v technicians, actors, etc) in the church who need some encouragement while serving Christ and His people. I would recommend this book for anyone who would like to take their artisanship to higher heights in Christ and build up whatever ministry their hands take part in. The book is a bit wordy for only 100 pages for an ebook but I can guarantee this you will learn something from your edification.

I am a worship pastor that is not musically trained and did not really see myself as an "artist," as it is defined in this book. I may see myself that way now more than ever, I have some doubts still, but this book has definitely helped me in my understanding of artists and how to best shepherd them. Thank you Rory for your openness and leadership in writing this book. It was a great help to me and I look forward to sharing many of these biblical principles with my people. God bless!
