The Book Of Enoch The Prophet

Synopsis

This is a reprint of the Apocryphal Book of Enoch the Prophet which was first discovered in Abyssinia in the year 1773 by a Scottish explorer named James Bruce. In 1821 The Book of Enoch was translated by Richard Laurence and published in a number of successive editions, culminating in the 1883 edition. One of the main influences from the book is its explanation of evil coming into the world with the arrival of the "fallen angels." Enoch acts as a scribe, writing up a petition on behalf of these fallen angels, or fallen ones, to be given to a higher power for ultimate judgment. Christianity adopted some ideas from Enoch, including the Final Judgment, the concept of demons, the origins of evil and the fallen angels, and the coming of a Messiah and ultimately, a Messianic kingdom. The Book of Enoch was ultimately removed from the Bible and banned by the early church. Copies of it were found to have survived in Ethiopia, and fragments in Greece and Italy. Like the Dead Sea Scrolls and the Nag Hammadi Library, the Book of Enoch, translated from the original Ethiopian Coptic script, is a rare resource that was suppressed by the early church and thought destroyed. Today it is back in print in this expanded, deluxe edition, using the original 1883 revised text.

Book Information

Paperback: 188 pages

Publisher: Adventures Unlimited Press (October 1, 2000)

Language: English

ISBN-10: 0932813852

ISBN-13: 978-0932813855

Customer Reviews

The Book of Enoch was ultimately removed from the Bible and banned by the early church.

He was British and is dead.

The book is well written. I like the way things are explained. My only problem with the book is that I think the format of the book could have been better laid out. However, this problem did not make it hard to read or understand. It's just a personal choice.

Thank you

This was a gift for another person, but have no doubt that person will appreciate having this work by Laurence in her home library as I've liked having it in mine.

ive read it before lots of good info

Love this book

Everyone should have read this book at some stage in his life. Here you find the origins of many of the underlying thoughts in our ways of thinking.

excellent book, thank you

Totally amazing products, as is & else...
