Great monster book.

Love this book and so do my students!!! They loved this relatable, humorous book! We did many follow up activities that really excited them! They were more and more excited each time we read it!

I like that it has a lot of nice pictures and it makes me really happy that Blue had a good day and he likes school. I read it before I started kindergarten and it made me less anxious!

This book is so much fun to read and my 3 year old loved it. It seems to have sparked an interest in him about what school will be like and I hope it helps the transition to preschool!

My grandson, will love this book for his birthday in November. He has received Monster love colors, and loves it, so I know he will love it.

Absolutely love this book!

Very primary...preschool or kindergarten

Super cute book. Mostly accurate about what to expect.
