The Golf Journal: Improving Your Game

Synopsis

The Golf Journal not only provides a strategic journal that helps you use your golf statistics to significantly improve, but you also get a FREE instructional video series with your purchase! Each book has a code for you to enter on Virgil's website to download your free instructional video. The book itself also provides QR scan codes for your smart phone with even more free video help that will help take your game to a higher level! Virgil Herring has helped players reach the PGA Tour, earn college scholarships, and has assisted PGA and LPGA players, college players and "regular" golfers achieve their goals. The way to do it, according to Virgil, is to "take a weakness and make it a strength." Virgil now provides "The Golf Journal" to you as a system for discovering where you are losing strokes on the course and the tools to know what to work on to get those strokes back and take your golf to a higher level. This golf journal does more than just help you log the number of greens and fairways you hit in regulation. It uses your data to guide you to practice sessions that maximize your scoring improvement! Order today and get your FREE instructional video that Virgil normally charges \$49 for on his website! The purchase code to download your free video is contained within the book.
