Makes it easier to shop for the healthiest choices, for this way of eating.

This book is all you need to start this fantastic diet. The website is free sign up (unlike weight watchers). So you pay once for this book and you are ready to go for as long as you want. I would recommend buying the Atkins Cookbook with it but it is definitely not necessary.

I love that it is packed full of items that are low carb and it is a lot larger book that I was thinking.

great

Provided good tips for the diet I was about to take, I ended up following some of the suggestions in the book to a great success

Nothing new, can find it all on the internet

lot of good information in book

Very helpful to read. Really gave me an idea on what to purchase and what not to purchase. Got me going on correct shopping for low carb foods. Now I only go back to check on new things that I am adding to my low carb diet.
