Great Things To Do Outside

Synopsis

Get kids away from the TV, unplug, and step into the great outdoors with Great Things to Do Outside. Consisting of practical projects to do outside ranging from simple observation activities like bird watching, hunting for fossils, observing air power, and forecasting the weather, to more ambitious projects like making your own wrapping paper, growing crystals, raising caterpillars, and even building a dam, every activity uses readily available materials such as paper, pens, sand, and soil, and includes step-by-step photographic instructions. The flexi-bound format makes it easy to pack for weekend getaways, camping trips, or to carry along on nature walks and hikes, and there are projects in the book appropriate for any type of weather or climate. Specifically designed to be user friendly for children ages 5 and up, Great Things to Do Outside will open their eyes to the nature on their doorstep and allow them to engage with it.

Grade Level: Kindergarten - 4

Customer Reviews

Love. Some ideas require supplies but some don't. Activities for all types of weather. My daughter borrowed the book from her 3rd grade teacher- she marked so many pages with post-its. Then I started to look at it and knew it would be a great addition to our family library.

Sometimes it is hard to come up with things for the kids to do during the summer. The summer "i'm bored" often start within the first week of summer. This book is great because it has 365 amazing

ideas for kids. Many of which we have the supplies already. Great book for kids.

My kids are getting a lot of enjoyment out of this book, and have already done a few of the suggested projects.

10 year old girl is enjoying finding new outdoor activities.

I checked this book out from our local library and loved it so much I had to order our own copy! It has a lot of great ideas for things to do outside!

My 8 year old son loves this book. He checked it out from the Library and then wanted his own copy.

My 1st grader checked this out at the library and LOVED it!!! She had it on the top of her birthday wish list...and she was SOOOOOOOO excited when she got it as a gift! Full of fun, easy to understand activities and learning!

Love it! Instructions, bonus ideas, picture explanations, easy to do ideas for entertaining my 4 year old on our RVing and canoeing trips. Even great for after school! Better than browsing around Pintrest for a combination of ideas.
