Customer Reviews

Disappointed that it was not the full score. Should probably check return policy.

This is great! I've got a family that loves to sing along to this operetta, and this makes it possible to have everyone doing a part with the right words. I got 3 copies. This is not a score: it's just lyrics, but that's just what I wanted! Lots of fun!

great great great great great great great great great great great great great great great great
great great greatNothing bad love opera people should go see more of it

I am part of a local musical society and I find this book a big help as it just covers the songs of the chorus. The normal script is big and you spend a lot of time looking for your parts, so this book cuts down on this.

This item is not what the show. When you look at the whats inside feature it show sheet Music. This book does NOT have any sheet music!
