Customer Reviews

Expensive book and kind of choppy. I wish the materials had been organized better, for a more consistent reading and subject lookup. I regret spending so much money on this, I wouldn't pay more than \$25 or so.... :-(

Yes. Nice to have at home so we don't have to haul back and forth to school. Great condition. Better than what the school provided.

Text book was a 'used' item and the condition of the book is exactly as was mentioned in the details...very pleased with the purchase.

Great condition

Book was in excellent condition, was listed as used. I purchased the book to keep at home so my son wouldn't have to lug his school issued book home, his book bag is very heavy. The book was in better condition than the one issued to him from school.

It was a very clean copy, much better than what my child is having at school. I really was happy with it and will donate it for sure next year

Great book. Nothing to complain.

just what i needed
