Customer Reviews

I've had Dinner in Five for about a week now and tried 5 recipes. All delicious and all quite simple. With most other cookbooks I've tried, I usually don't ever really make any of the recipes because there are just too many ingredients and complex steps involved. Great value here. The other Lunch and Breakfast books are great too. I've tried a bunch of the recipes and really enjoyed them.

Not everyone is great at figuring out how much of this or how much of that you need to be full and still lose weight, these recipes will be a great help.

I've made a few of the dinner recipes in this book already and I've gotta say, they're great! The flavor is always on point and it's not just meat and cheese, the ingredients also include veggie sides

and how to best prep them. They always taste amazing and with only a few ingredients. All 3 books are amazing!

Good recipies

Great cookbook! The recipes are exactly as promised.

I made 1 serving from a few and they're all good so far

Dinner is always the most boring for us and this book got us trying new meals but also had versions of our old favorites like chicken parm.
