Customer Reviews

When two of the most successful entrepreneurs in the relationship marketing business share ideas on the biggest mistake being made in the profession, it's time to pay attention. We've all heard the fortune is in the follow up, but Tom and Keith give us ideas on how to improve the process. This is a book you will read again and again.

Big Al's books and audios are great! His newest one one followup is what every person who wants to grow their MLM business needs. This easy to read book provides practical, concrete, easy to do, "what to's" and more importantly "how to's" . As many of us have heard before "the gold is in the follow up". This great little book tells us specifically how to make that a part of our business building skill set.

We have heard many times that the fortune is in the follow up but most of us don't follow up or don't follow up after the first time. This book gave me the mindset(how to think) when following up with potential business partners and customers. I am so grateful for this book, it probably is the only one I have found so far on How to follow up. My opinion: It would be more powerful if it had a action system for following up.

Not good at all. The ideas are more used cars salesman quality. Not anything I'd ever use. How does this have 5 stars?

This is another great book by Tom. If you are struggling with how to follow up with people, or some ideas on how to plant a seed in someone's mind to take another look at your business, then you will really want to read this book. Thank you Tom!

Great information in this book! Must read for NM'ers.

Nice easy read. Plenty of pointers with examples on verbiage.

Great information and tips to follow up with clients! Fresh ideas
