Because Of Low (Sea Breeze Book 2)

Synopsis

>Playboy Cage owns the apartment, and he hosts a revolving door of people, in and out, at all times. Most of them are long-legged hot girls who are never there more than a night or two. When Cage's new roommate, Marcus, enters the picture, he's just looking to nurse a broken heart. But there's one particular semi-frequent regular who catches his eye. Willow is the one Cage wants to marry. But the two of them are night and day, and Marcus can't see how Low puts up with all of Cage's womanizing. What she really needs is a real man....like good-looking and sensible Marcus. But that's going to get real complicated and real messy real fast.

Customer Reviews

Marcus and Low's book. We also get to meet Cage in this novel! Marcus was Sadie's friend from Breathe. Marcus is charming, sweet and just an all around great guy. He is a family first kind of man. Low, short for Willow, is a kind, and very forgiving. She takes care of her niece, and puts up with a

lot of crap from her older sister. She also has to deal with her best friend Cage, who thinks that someday they will be together. Low is not having any of that. Cage is just too much of a playboy for her. I loved how Low and Marcus's relationship developed and while the drama is a bit over the top, it worked. Very fun quick read, and I am looking forward to continuing on with me re-read and catching up on the books I missed.

Ok so I didn't expect to even like this book to be honest. I wasn't really a fan of Marcus in Breathe so I just didn't think this book would really draw me in. However, I couldn't be more wrong. Glines has done it again. She's proven me wrong when I was already certain about how I would feel about this book. As much as I loved Breathe and I loved the story of Jax and Sadie however, I actually think I like Low and Marcus even more. The story had even more depth in the plot and characters. Some where along the way I fell in love with Marcus and the way he was determined to protect Low. The situation that Glines created to put Low and Marcus in was genius. This book is just amazing I can't say enough without giving away spoilers and I HATE putting spoilers in my reviews. So, do yourself a favor and read this book...like now!

problems, but want to try and concentrate on seeing if they can have a relationship together. Although Cage is a playboy and you instantly want to dislike him, he is the only one that has ever truly been there for Low. Everyone in her life has left her but him. The love she has for her niece Larissa is the only thing that keeps her connected to a family that has constantly disappointed her. "You can't expect a sheltered person to react to disappointment the way someone who's only known disappointment reacted." In this book, Abbi Glines provides her readers with lots of drama and twists and turns. You pull for Marcus and Willow the whole time, but are the problems within their individual families enough to keep them apart? What about Cage and his possessiveness over Low? I couldn't put the book down! Each time I thought that I might be coming to a stopping place, I would be left with a cliffhanger that would have me continuing to read! Hero - Marcus: 4.5 stars Heroine - Low: 4 stars Steam Level: 4 stars Plot: 5 stars Cliffhanger: No Would I recommend this book: Yes! Would I read other books by this author: Yes!!!!

I have not read much by Abbi Gaines, but I find that the stories I have read by her are nice, light and fun; 'Because of Low' fits there. Nothing overly great- but a nice break from heavy literature- for sure. Worth the time and even a re-read later. The story revolves around the best-friend force of Cage (hot, womanizer, snarky) and Low (best gal, rough life, honest) and the storm that comes in the form of Marcus (hard working, rich boy, also hot). The dynamic of the relationship between the three of them is what holds the story together and it is that single element that bumps the to 3.5 stars. The Characters: The main characters are great. Low is likeable and it is easy to understand why certain boys are eating out of the palm of her hand. Low's most endearing quality is that she never takes advantage of the boy situation and continues to be there for a sister, who I would personally walk away from. Cage, though he is a man-whore like no other I have come across in YA fiction, there is something about him that makes the reader like him. I know what he does (and it is quite like WTF sometimes) but I do not even care because I want him to have a happy ending. Marcus. Marcus. Marcus. I mean he is the best friend, hot guy, that every girl should search for. Marcus and Low are friends and then things happen that change their relationship and it was nice reading about, not rushing into things. The story: The story is totally a YA romance, without it there really is no story at all and that's okay. Low and Marcus are delightful and even the minor characters, some of which I did not like, each play an important role. It reminds me a lot of other popular stories out there that involve college kids- not bad, just light on the plot, heavy on the romance. Each character deals with real life situations, which is refreshing, because if anything

stories should reflect real life to a certain point. I liked the setting- the beach, the bar, the club, ect. I found that the pace of the story was done thoughtfully. What I did not like was the back and forth that the author kept doing with regard to Marcus and Low. While I understand why the author did this, it was sometimes annoying- as in eye rolling. We get it- there is a reason Low is so reserved, but it seemed like some of the story could have been clipped and nothing would have changed. If you want a story that is about discovering love for the first time, I recommend 'Because of Low'-
