Inordinate Desire: First Novel Addition To The One Urge, One Plea, Keep Me Trilogy

Synopsis

One Urge, One Plea, Keep Me Trilogy must be read prior to reading this novel.In this addition to the One Urge, One Plea, Keep Me Trilogy, Damon and Alayna are learning to find the balance in themselves and their newfound relationship. After acquiring Vasser Publishing, Damon is forced to put in countless hours at the office, which leaves Alayna time to wonder if she is falling short in meeting his desires. She is secretly curious, wanting Damon to take her farther into the sexual world he once played in, but Damon is rediscovering Reed, believing that side of him is what Alayna yearns for. Her brother, Curtis, has a profound reason to disapprove of Alayna and Damon's relationship and is determined to get her away from the man she has committed her future to. Alayna's loyalty to Damon is put to the ultimate test, forcing her to make a decision that no one should ever have to make. What will she decide when seconds matter most? And will this passionate couple, who love and honor at a depth beyond reason, finally have their happily ever after? This novel is for a mature audience due to harsh language and descriptive sexual scenes, including aspects of BDSM. One Urge, One Plea, Keep Me must be read prior to reading Inordinate Desire.

How does this author take a phenomenal story and make it better with THIS sequel?~ ~ One Urge, One Plea, Keep Me Trilogy~ ~ was a riveting trilogy in an of itself...but THIS story capped it incredibly well. (Incidentally, you cannot read this story without first reading the first three books or you're gonna be floundering in left field). I love how this author so adequately brought about Alayna's innocence and kindness, which hits a nerve within Damon. It touches something buried deep within him and eventually it begins to grow. I love how every blink of Alaynas' eyes captivated and bound Damon to her even more. When it comes to Alayna Wynn, Damon misses nothing. NOTH-ING...But it's such a shame when a great story such as this, must come to an end. And they all come to their endings eventually. It's very difficult to put Damon and Alayna on my bookshelf...until next time. This is a HEA that will definitely put your life on hold and not allow you to get anything done. And you'll be sad when the journey is over....**Erotic Language:**

Alayna allows herself to fall into that hole we all do when we feel we aren't getting the attention from our significant other. Am I good enough, does he really love me, do I satisfy him/her??? And then, as if, that wasn't bad enough, her family throws in their disapproval of the relationship. So do you trust your own instincts or do you begin to think maybe they see something you don't? And you have to realize that if you make the wrong decision about any of these things, you will lose the love of your life!

PHENOMENAL! Ms. Wolfe is a genius. This book was scintillating, intriguing, great storyline. Just fantastic:) I love Damon & Alayna, love the banter, the way they open up to each other, and the alternating POV's were great. I especially loved when they babysit his niece & nephew. I about started lactating:) Ms. Wolfe certainly knows how to tell a story & moves it along nicely. The sex scenes are very steamy, but they weren't over the top where it seems unrealistic - made me want to spice things up in my marriage:) I liked that the characters still lived their lives, and the sex (while there was plenty) wasn't 24/7. Felicia & Seth would make a good story...I loved her character. There was even a tiny moral lesson tucked in towards the end...This is my new favorite author, series & book boyfriend (Damon is unbelievably hot)!Thank you to Book Bub for introducing me to this

fantastic author:)

I was completely surprised when I heard Scarlet was writing a follow up to the Damon and Alayna story. This was a great addition to the trilogy and even though I was very satisfied with the way Keep Me ended and I felt it gave us a conclusion, it was more than nice to have more of their story. I usually don't like follow up stories to a trilogy because usually it's all sex and I don't find that we get that level of surprise or even the chase we find when we first read the story. But in true Scarlet fashion, she is a genius and she created a great follow up and we really got to see the lives of Damon and Alayna and how they interacted with each other and still make the sex scenes hot. I don't think we can expect anything less from Damon. I would like to thank Scarlet for another great read and always giving us the best stories.

And Scarlet Wolfe has done it AGAIN!!!!!! This book was phenomenal and left me wanting more of Damon and Alayna!!!!!! Their love for each other and what they have to go through just to be together makes you feel like if you truly love someone with all your heart you can overcome anything TOGETHER!!!! This book was soooooooo good and I loved every page, and let's not forget how HOT it is either!!! Can't wait for the next book to see where Damon and Alayna's journey takes them. Whoop whoop you rock Scarlet and congratulations on yet another Amazing book. I love your work, thank you for sharing it with us!!!!

OMG...this was an epic story with so many twists and turns you won't believe what happens. This is the follow up story to One Urge, One Plea, Keep Me series. It's best to read it in order so you know what is going on. It is a continuation of Damon and Alayna's story but you will definitely be served some curve balls. Why does Curtis, Alayna's brother, hate Damon so much? Well guess what...you'll find out and it's a whopper!!! There's so much I want to say but I just can't ruin it for you. I'm not kidding...read this whole series. You won't be disappointed.

I am so happy Damon and Alayna are finally back. I love their stories and their dynamics. They always keep me interested and I can never put the book down finishing it first

First of all, I borrowed the first part of this story with Kindle Unlimited, but before I finished reading One Urge, I purchased it and quickly purchased this and the second addition. The characters are well developed and the plot is strong and the couple have more than their share of bumps in the

road, before they get their happy ending. Each addition ends with a happy ending and no cliff hanger but make sure to read all of Damon and Alayna's story, it is well worth the time.
