Synopsis

A brutal warrior, Kratos is a slave to the gods of Olympus. Plagued by the nightmares of his past and yearning for freedom, the Ghost of Sparta would do anything to be free of his debt to the gods. He is on the verge of losing all hope when the gods give him one last task to end his servitude. He must destroy Ares, the god of war. But what chance does a mere mortal have against a god? Armed with the deadly chained Blades of Chaos, guided by the goddess Athena, and driven by his own insatiable thirst for vengeance, Kratos seeks the only relic powerful enough to slay Ares-a quest that will take him deep into the mysterious temple borne by the Titan Cronos! From the black depths of Hades to the war-torn city of Athens to the lost desert beyond, God of War sheds a brutal new light on the bestselling video game and on the legend of Kratos. --This text refers to an out of print or unavailable edition of this title.

Customer Reviews

Its a book that inspires video games, or the other way round. Fast paced, hardly a page goes by without action - ridiculous. Very basic character development. If you start it you will probably want to finish it but it does not compare to the excellent caine books in any remote way. In fact I cannot believe its the same author. Read it only if you have no choice.

Being based off a video game you really should expect nothing besides fight scenes. If you haven’t played the game- it feels confusing and a bit pointless. If you like plot line and dialogue, this book is

not for you; however if you like strictly fighting its highly recommended.

Great twist on Greek Mythology! Love how almost all the mythical creatures are included. Would like to see a fight between Kratos and Talos (from the movie "Jason and the Argonauts"). Yeah, I know Talos was only 8 feet tall in the real story, but this book has no problems taking liberties with original narratives.

The book relies far too much on the game for story telling. The scenes lack description, there is a complete absence of dialogue, and the actions are jumpy at best. The concept is a brilliant one but that had nothing to do with Matthew Stover.

Sticking to the story of the video game, This books lends a view from Kratos' own tortured mind. I highly suggest any 'God of war' fan pick this up and give it read. You will not be disappointed in the slightest.

Outstanding book to see the interactions of God and the introduction of Medusus, Minatours, and other Greek Gods. Really interesting storyline.

i play the game so i know whats going to happen

our local bookstores didn't carry this book, and my son wanted it badly. He enjoyed the book, I didn't read it, but he was glad I could find it.
