The book is great in that it does have numerous questions to help guide your communication with your significant other in getting to know each other intentionally, but furthermore it has a few paragraphs in each section discussing the biblical perspective so you are not left with only questions. The book definitely has helped my fiancé and I think, talk through some important and forgotten topics. It helped us to find a deeper intimacy shared through understanding.

A great pre-marital book for couples that want to spend time preparing for their marriage, not just their wedding! I offer pre-marital guidance sessions with couples and use this book almost exclusively. It has great advice, and great worksheets with in-depth questions to really get you thinking about your past, your hopes for the future, and your expectations. I highly recommend this for any couple who is getting married or any pre-marital counselor.

My wife and I completed this marriage prep book while we were engaged and now we are going through the book with a newly engaged couple. I think the authors did a great job asking real life questions while keeping Christ in focus.

Great book and highly recommended for anyone planning a wedding!

Great book everyone should read before getting married

My fiancé and I enjoyed it a lot. We are an older couple and we laughed all the way through it when it broached the subject of having children. It touches on must discuss subjects for the couples. Helpful to help you see if you both are on the same page and most importantly that you are following God's plan and will in your life.

Great read for anyone getting married. It doesn't cost a lot, and it's easy to follow. Some of the questions are thought-provoking. Anyone who is getting married, read this book. You'll be glad you did!

Great book to prepare yourself for a God-centered marriage! It really helped me examine myself and become aware of the baggage I will be bringing in and to help me work on bad habits I have. I would recommend anyone who is getting ready to get married to read this to make sure your marriage will be successful!
