Customer Reviews

Got this for my dad as a gift. Expensive, but well worth the money. He loves it. Says it's the best resource on Marbles there is.

excellent summary report on Marble's knives smf pyjer items manufactured at his factory at Gladstone. Good reference book for a beginning collector,

I've owned a lot of books on firearms, edged weapons, you name it and this one is easily in the top ten worst I've ever seen. Lousy photos, poorly organized and amateurish writing, but it is the only book of its kind out there. If you really don't need it, whatever you do, don't pay more than the \$60+ bucks for the thing; it simply isn't worth it.
