Amazing!!! This is the best purchase of the yeaaaaar!!! #ILoveMySestraaaas

AMAZING!! Really shows a different insight into Delphine as you read her thoughts even when in the show her actions show differently. I love the clone reports and different information!

A great companion for any Orphan Black fan. It has great insight into the thoughts of the character Delphine. It has fun inserts (props) from the show. However, fair warning, they are not meant to be removed (unlike some similar books for tv or movies). It is high quality and heavy book. The cover looks aged (many thought it might have been damaged, but it's supposed to be like that). It is a bit expensive at retail cost, too.

A must have for the ultimate fans! Very detailed and fun to read through!

If you're in Clone Club this is the perfect companion. But there are spoilers if you haven't finished the series!

So first of all I'm French and some things bother me. Delphine Cormier wrote this book, no problem BUT if you want to write some things in French, please make sure it doesn't have any mistakes. These are too many and it just cannot be possible. Like I read "il est morte" instead of "il est mort", "I'm a mÃ©decin", instead of "I'm a MÃ©decin", "vous Ãªtes un famille", instead of "vous Ãªtes une famille". I know French is complicated but please make an effort to write in a right way or just don't. Also, to be honest the book is amazing. Despite the mistakes I'm glad to have it, it's certainly a must have for clone club members !
