Customer Reviews

UK-based illustrator and comic book artist Fez Baker was a core founding member and one-time managing director of WindFlower Studio, an award-nominated, independent small-press publishing studio. She has worked on a number of prominent comic and illustration projects, including folktales, science fiction, historical fiction, children's literature, and more. She is the author of *More Supercute Chibis to Draw and Paint*.

My 9-year old daughter loves Manga and fashion, and this book has it all. Beautifully illustrated, tons of inspiring ideas for the manga fanatic, and useful step-by-step instructions on how to draw manga figures in full fashion!

It's great~! The fashion in it is on point and the colors on point~!

Very cool book! Lots of fun fashionable anime examples with easy instructions. Very colorful.

Extremely informative.

Don't be mislead by the "Shoujo Manga" in the title! This is actually a VERY GOOD book about how to illustrate fashion, in general. It covers everything from how heels change a model's posture, to mixing clothing styles, to the weight and look of fabric types and how they should fall based on pose, to COLOR THEORY! I bought this book from a local art store, but after using it for a while to help me illustrate and figure out character clothing, I had to get online and give it a positive review. It's that good. It even introduces you (briefly) to drawing body proportions and poses. It even briefly covers hair styles and skin tones based on model ethnicity. It would be a shame if anyone passed this book up simply because it had "manga" in the title. I don't draw manga at all, and this book has been a welcomed (and much needed) addition to my instructional collection.

Why?! This is NOT true manga it's just people with circular eyes. I realize that the author of this book probably tried their best but it just bothers me so much. I had to write this review.
