Customer Reviews

Cruising Guide to the Hudson River, Lake Champlain & the St. Lawrence River: The Waterway from New York City to Montreal & Quebec City

I bought this mostly for Lake Champlain, but it seems to be a fairly comprehensive guide to boaters along the Hudson River, through Lake Champlain and on up to the St. Lawrence River. It offers information on the local marina's and sightseeing. I wish the maps had been a little more comprehensive, but in general I think I will find alot of use for the book.

A previous review noted they had an outdated version. This is the new 2006 version that I just received. Great read and a must book to keep on board if you are cruising any of these waterways. Contains Restaurants, Marinas, Gas, Food Supplies Side trips and Safe bays to Anchor along the way etc. Pictures and history of each town and port you will be approaching. Shipped free and makes a great gift for any boater who be might traveling to the covered regions. Nice coffee table book if you live in the regions too!
