Customer Reviews

This book gave a lot of good advice on how to find your calling, relating it to the bible and God. Interesting book. You should certainly want to read this book if you're reading from a spiritual sense among finding your calling. I was asked to leave an honest review on this book.

This book talks about how to find meaning in life and calling to a job through series of short religious stories which can be inspiring to learn from. People who are looking to find directions in life may find some hope and guidance from reading this.

This read was highly personal to me. I appreciated the deep and detailed stories offered by the author that he weaved among the numerous strategies and tips he advocates. The help offered by the book may seem incredibly simple and self-evident at first. However, I find that few of us live according to them. Incorporating them into our lives helps us in managing our career choices and evaluate where we are both needed and content to be.

Knowing my purpose and my calling is a question that I have been asking myself for a long time until I found this book. This book really helped me know how to find what I am made for.

Recommended

This was a very interesting book. It made me feel a lot better about myself after reading this and opened my eyes to new things.
