Synopsis

Mehl Ramps Up the Suspense in This Brand-New U.S. Marshals Series Mercy Brennan followed in her father's footsteps in a law enforcement career, but she has no interest in any other connection to him. A U.S. Marshal in St. Louis, Missouri, she's assigned to a joint task force with the St. Louis PD that puts her back into contact with her father and in the sights of St. Louis's most powerful gang. When the gang has reason to believe Mercy has possession of some highly sensitive and incriminating information, her boss assigns Mark St. Laurent--a Deputy U.S. Marshal and Mercy's ex-boyfriend--to get her out of town until they can guarantee her safety. Initially unaware of the danger she's in and uncomfortable working with Mark, Mercy's frustration escalates when she discovers the extent her boss and Mark have been keeping her in the dark. It isn't until a freak ice storm hits, stranding them at a remote location and out of contact with the district office, that the full severity of their situation becomes clear. As the storm worsens, the forces of nature combine with a deadly enemy closing in to put their lives at imminent risk. Can they survive long enough for help to arrive--if help is even coming at all?

Customer Reviews

This is one of the best books I've read. I've read a few books that reviewers said, "Kept me on the edge of my seat" and those books didn't do that for me, although they were good. This book did just that. I REALLY enjoyed this book and it gave me food for thought. In this day and age you can see where something could happen that was written in the book. In the book it mentioned where someone could take a video of shooting someone and super impose a picture of someone else doing the shooting. So there really is truth in "you can't really believe what you see or read". LOVED THE BOOK!! Loved the faith and the reality of God some of these characters found.

I read this book in 2 days because I couldn't put it down. The Christian emphasis was perfect and gave me a lot of thoughtful insight for some of my own struggles. The suspense in this book was top notch and I couldn't wait to turn the page to see what was happening to the characters. Cannot wait to get book 2 started.

Loved this first book in the series. Great job. Once I got started reading this book, it was hard to put it down. On the second book now & so far it is great. Already have preordered the 3rd book. I love a good mystery that keeps you guessing with all the twists & turns & this book was that for me. I will recommend this book for those that love a good mystery!

Mercy Brennan is on the case for the U.S. MARSHALS. Mark used to partner with her. They dated and broke up because he got religion. Now their work put them together again. It will take a miracle to save them.

This was my first Nancy Mehl book and I really enjoyed it. Loved the focus on the men and women who strive to protect us and keep us safe. A great story of faith and deliverance.

The twists and turns of the plot make the reader stay alert. The drug of do appear to be acute. I am not tuned in to that culture, so was glad the author tried to stay with reality.

With double crossers in their midst, a drug cartel hunting them and a fierce winter storm hounding

them as well the US Marshalls are outgunned, without backup and half frozen so be prepared to be up most of the night with this page turner!

A gripping story and I liked the testimony to God's grace. Much of it kept me on the edge of my chair. Looking forward to the next book.
