Beautiful book. Gave to my husband for Father's Day in the NICU and put our sons prints in it

I got this book as Father's Day gift from my 9 month old son for his daddy. I am so excited to see if he loves it on Sunday! I put my son's prints in the book and I have a cute onesie for him to wear. This book is really cute and i am so excited to give it to my boyfriend and hear him reading it out loud to our son!

Perfect father's day gift! Our 2 year old daughter loves bears and honey bees, so the storyline is appealing to her. The story is heart warming and endearing, and the illustrations are well done and

amusing for our 2 year old. She really enjoys this book and my hubby enjoys it too, because he always gets a big bear hug at the end!!!

This book has become a staple for my husband to read to our daughter. The illustrations are so cute and we love the short story line.

This is a great addition to a family library. I love seeing my spouse read this to our little one. It is about the bond a son has with his father. It is about how a little one doesn't think they are big enough for the next step and a dad supporting him and helping him accomplish it. My little one brings it to us often. It is a great example of a supportive family environment.

The daddy bear encourages and praises baby bear giving the baby bear courage and self confidence to try new things..receiving affirmation from his daddy. Reminder to dads of how much their child looks up to them and so wants to hear the praise/encouragement of parents. I love you daddy is a sweet book.

Daddy loved it. Also had my daughter put her hand down on the first page and outlined her hand there to remember always. Arrived on time. Thank you.

Nice sentiment that daddy encourages the child to try new things and grow up, but for some reason the book was not very engaging.
