Genesis (Dark Desires Book 1)

Synopsis

Vladimir is a man who never misses an opportunity when it comes to expanding his empire. He doesn't care much for people, he doesn't care about propriety, and he definitely didn't care that he still hadn't bothered to ask the name of the woman he was about to take back to his hotel. Valerie on the other hand cares a lot. She cares about how other people see her and she still cares about her ex. He is the only reason that she agreed to a one night stand with the brute from the bar who has confused arrogance with confidence. What else is she supposed to think of a man who wears a near constant smirk? They may share hot chemistry, but Vladimir's personality is arctic. And in the process of trying to get to know the cocky jerk, she stumbles onto the dubious contents of his suitcase and realizes that she needs to care more about her safety than what the hell he does for a living. Author Note: This book contains sexually explicit scenes and is intended for mature audiences only (18+ advised).

Customer Reviews

Read this book about four times and have enjoyed it every time. It was really surprising and very well thought, well developed characters, great editing, and super hot sex scenes.

I have thoroughly enjoyed the beginning of the love story between Valerie and Vladimir. She met him as a one night stand. She had broken up with her previous boyfriend and was only looking for one night. Soon they were living together at his hotel. His profession is very dangerous. He won't tell her what he does but she finds herself in trouble as a result of his job. Anxious for the next installment. Needs much much better editing which is why I couldn't give it five stars.

Omg, she left me wanting more!! How can you do this to me??? Seriously, you will love Vlad. He's dark and dangerous, with a small soft side. Val on the other hand, is this quirky little thing that brings out everything in Vlad that he hates. This is such a fun little read with so many twist and turns, and I seriously need the net book.

I love the location of the story. .I wish there was more depth in regards Vlads business because he just seemed to care free and no talk about what he does for protection.

Excellent read! There was a real story line although slightly predictable. A little more detail would have helped me to visualize what I reading.

This book is more than just your regular average romance novel. The storyline will definitely make you want to know more and keep you on edge!

I loved it.

I loved this book. The character development was great. The book was dark, mysterious, and sexy. I can't wait for part 2. My only complaint is the next book is not available.
