Customer Reviews

Let me start by saying that I think Giselle Fox is a great writer, she brings a fresh voice to lesbian

romance and has a talent that far exceeds Most other writers in the genre. That said, this book was a bit disappointing. The romance between the main characters moved too quickly to be believed and there really wasn't a believable attraction between them. Their were really two storylines that ran on parallel tracks with an attempt to tie them together at the end. In all of her previous books Giselle's characters were interesting, believable, strong and quite loveable but not in Sun Catcher Book Two. These characters are unnecessarily complicated, ethically compromised and quite unlikeable. If you want to fall in love with Giselle's work read any of her other titles, especially Slow Burn in Tuscany.

Ms.Fox is The G.O.A.T of lesbian authors and a wonderful author in general, she writes beautiful and masterful. I love all her series from Claire and the lady billionaire(favorite) to this one. I fully recommend reading the series if you like romance, intrigue and mystery beautifully crafted into an amazing book. Enjoy!

What a good series, it seems like so much more to tell with just one more book coming . Can not wait for the last case the three sisters will be working on.

Just wow. This book 2 was amazing I loved Taylor and Jericho's relationship their story was brilliant. I loved the book. Waiting for more.

Ms Fox's story held me to the very end and I can hardly wait til the next edition.

Book one pulled me in and book two hooked me!! This series is really great and I can't wait for book three. Read them..I don't think you will be disappointed.
