He's A Stud, She's A Slut, And 49 Other Double Standards Every Woman Should Know

Synopsis

Double standards are nothing new. Women deal with them every day. Take the common truism that women who sleep around are sluts while men are studs. Why is it that men grow distinguished and sexily gray as they age while women just get saggy and haggard? Have you ever wondered how a young woman is supposed to both virginal and provocatively enticing at the same time?

Isn't it unfair that working moms are labeled "bad" for focusing on their careers while we shake our heads in disbelief when we hear about the occasional stay-at-home dad? In *He's a Stud, She's a Slut, and 49 Other Double Standards Every Woman Should Know*, Jessica Valenti, author of *Full Frontal Feminism*, calls out the double standards that affect every woman. Whether Jessica is pointing out the wage earning discrepancies between men and women or revealing all of the places that women still aren't equal to their male counterparts; be it in the workplace, courtroom, bedroom, or home; she maintains her signature wittily sarcastic tone. With sass, humor, and in-your-face facts, this book informs and equips women with the tools they need to combat sexist comments, topple ridiculous stereotypes (girls aren't good at math?), and end the

Jessica Valenti takes on a serious and frustrating subject matter with wit and humor. Every woman knows all too well the upsetting double standards we must face in a society that is very difficult for us at time. This is the first book of hers I have read, but I am now a fan of her work. I found this book encouraging and gave me insight on how to handle the curve balls a sexist society throws as

woman.

The book itself was in excellent condition when I received it. I enjoyed reading this humorous approach to double standards that exist in society today. It was a required book for one of my classes, but it is the type of book I would choose to read on my own anyway. Highly recommend it!

Lovely novel talking about double standards! I had to read this for a class, but I would read it on my own time. It is a very quick and interesting read! I highly suggest it! I am a proclaimed feminist and some of the double standards I didn't even realize occurred.

This book was definitely very interesting a eye opening! This is for sure a much read! Loved it so much!

Valenti is giving us something to go forth and rebel with, which is why I was especially drawn to the "What to Do" sections that end each chapter.

I have come to adore Jessica Valentine's. She's very well spoken and well informed; she addresses it all; she's really just wonderful. Recommend this book whole heartedly, even if you think you know everything about double standards. Because she raises a lot of good topics you may not even think about. Great book, great lessons, great everything. Perfect score all around.

After reading this book, I become more aware of the many problems that women face in their day to day life. Society is ugly and confusing. Women try to fit into a mold that is simply unattainable. You cannot be perfect in the eyes of society. Sexism is definitely not dead, and it might live forever if we do not become aware of it.

I would read more of your books and articles and I wish I had a book to read like this 44 years ago
