The Great Quarterback Switch (Matt Christopher Sports Classics)

Synopsis

Can Michael and Tom read each other's minds? Michael and Tom Curtis are identical twins who share a love of football. Unfortunately, because of a tragic accident, Michael must watch from the sidelines as his brother calls the plays on the football field. During one game Michael concentrates very hard on a play he thinks could help the team, and Tom calls the exact play a split second later! Is it coincidence, or can the boys communicate through ESP? The boys try a daring experiment in which they push their telepathic powers to the limit ... and suddenly, impossibly, Michael is running the ball for a spectacular touchdown!

Customer Reviews

Matt Christopher is the best selling name behind more than 100 sports-themed books for young readers.

Matt Christopher has written several interesting books geared to the male audience. I bought this because I had two or three boys who had no interest in reading. This did the trick, a book about boys and sports. Great literature? Not so much. Inspiring to ten year olds? Absolutely!

My 11 year-old loves these books and they qualify for AR points!

My nine year old son is very into football! My husband used to read these Matt Christopher books when he was young, and wanted to try them out with our youngest sports fan. Well written, just right to grab the attention of a young boy.

Classic sports story for boys

Great service. Grandson also loves this book!!

I enjoyed the book all the way through. It was a nice, and easy read that made you feel good at the end. I would recommend this book and any of Matt Christopher's books to anyone looking to read a sports book.

Nice book. I liked that it detailed the games so now it's not boring. I just rated it 5

stars! It's worth the time.

I really liked it. It had lots of football action and it had a meaning. Some books don't have one, This definitely had one.
