Customer Reviews

IRS provides huge tax incentives for U.S citizens who want to work abroad. You can save up to \$21,000 in taxes. This book also shows you to avoid being audited. I learned a lot from this book. A Must read!

A must read for persons who earn income working outside the US. Provides areas to be aware of both prior to moving overseas to work and prior to filing a tax return with foreign earned income/foreign taxes. Excellent examples provided for a wide variety of situations. It instilled in me the value of using a qualified tax preparer even if one thinks they know the tax codes.

What's a form 2555 ? ? ? ? This book is a must read for all ex-pats, especially if you want to stay away from the IRS. "KNOWLEDGE IS POWER" Read the book. It is well written.

This book is filled with useful information.

Clear and in-depth. Chapter 13 on avoiding self-employment tax can save me thousands legally. The court case synopsis and the text of the laws and regulations made it a comprehensive resource.

This is a book all US ex-pats should read and keep as a guideline for future use. The book is well written, lots of examples of does and don'ts. Interesting case law and case histories. Your investment in this book will save you big bucks when filing your federal taxes from overseas. The various fonts are easy to read as is the book. Highly recommended.
