New Drugs: Bath Salts, Spice, Salvia, & Designer Drugs

Synopsis

Some young adults think new drugs like spice, bath salts, or salvia are safe. In some cases, they're even legal. But what many young adults don't know is that these drugs are just as dangerous, if not more dangerous, than the illegal drugs that have been around for much longer. Some of these drugs are so new that no research has been done on how safe they are to take, so no one is even sure just how dangerous they really are. Discover the true risks of taking these new drugs. Read the scary real-life stories of people who've used these drugs and had to deal with awful consequences. Learn the downside of these new drugs!
