Customer Reviews

My son finally received his test results he took months ago for the sprinkler fitters Union. He passed and awaits a date for his interview. Your product is great and no doubt helped him a great deal. He is not a good test taker and your book gave him the confidence he needed to master the test. Thanks.

After reviewing this material, I believe that it will prepare me to score much higher on the tests than I would have achieved without it. I am very happy with this purchase and feel confident that I will maximize my scores come test time.

This contains great practice questions. It also has hints to help put you at ease. It has nearly 150 pages.

I used this guide to study for the Alabama teachers certification test used by the state. I passed with flying colors on all sections. It is a great review on areas of the actual test. I only studied for two

weeks to brush up on all areas! Great practice tests with the answers explained in detail.

I am very impressed with this study guide. We have quite a few students who are taking the WorkKeys exam as part of graduation requirements for the State. I find the study guide very easy to read and easy to follow.

I ordered your product and had it overnighted by as I just moved to a new state and discovered that WorkKeys was required if I wanted to apply for a good paying job. I am 50 years old and trying to return to the management field after working for the State of Washington HealthCare arena. I have not been in school since 1983 and need to brush up for testing. Your booklet is easy to follow and understand

I find it to be a doable study and learning guide. Seems to be written nicely and understandably. I like the sample/practice problems so far. I also like the advice given on testing. I feel this is going to help me pass the work keys test and it's building my confidence. Thank you.

The review videos and practice tests provide students with an overall sense of what to expect when they take the WorkKeys Assessments. Prior to obtaining this resource, our students basically had to rely on the few online practice items provided by WorkKeys.
