I was skeptical about how well would these complex songs be transcribed to a book and worried if they would cut out a lot of instrumental parts (like most soundtrack songbooks). However, I was pleasantly surprised that the book did the soundtrack justice. The main songs are there along with a lot of the instrumental breaks which definitely made me happy. I would have given 5 stars if the bass part was slightly more full and if they hadn't cut a lot of good parts from Epilogue as well. Overall, great soundtrack songbook. Happy to have it my collection.

As described, love it! Though I wish the Summer Montage would've been included.

Just like the CD. Some songs are difficult but not overly so.

All the songs from the soundtrack are here! Love it!

Incredible soundtrack ranging from Debussy-style piano pieces to raucous choruses to improvisational jazz. One of my favorite movies and favorite soundtracks of all time.

Loved the movie and love this piano book! I play it all the time! :) I highly recommend this piano book!

Awesome piano music!! Awesome lyrics and songs in this original publication of La La Land!! Thank you very much!!

love this songbook! This is not an easy piano version but intermediate level--exactly what I wanted. Very fun to play and sing along.
