Customer Reviews

This is a great resource for understanding Private Capital. It is extremely useful for business leaders to better understand the world of financing related to financing in the small and middle markets. This is a companion resource to the author's Encyclopedia of Entertainment Finance. I found the Kindle version especially useful because it has working links throughout the document that make it easy to follow.

A terrific, concise and relevant resource for understanding the terminology used in the private capital markets - very easy to use

Excellent resource - very helpful.

NICE

This is a great reference guide for business. The hyperlinks allow the user to jump quickly to a related topic. Very handy on an iPhone.
