Since 2000. Hammond, American Map, Langenscheidt Dictionaries, Insight Travel Guides, Delorme & the famous names in the Langenscheidt family. These represent the most authoritative, up-to-date, and extensive travel and reference products available. In January 2003, the renowned Berlitz Publishing became part of the Langenscheidt Group. The Langenscheidt Publishing Group, the premier group of map and travel companies, offers over 4,000 North American and international street maps, road maps, atlases, language-learning, bilingual dictionaries, and travel-related products covering countries, cities, and languages in every continent.

Excellent guide to the country. Good descriptions and a perfect help for a possible tourist. For me, a perfect reminder of a magnificent trip to Lahore, Kashmir, the Himalaya, the Hindu Kush and the

Karakoram in July 2009. I hope that it may still be of use to many future tourists.

Extensively researched one gets the full impression of the vast nation that is Pakistan. All the varied regions, races, peoples, and languages come alive in this impressive volume. With a history as ancient as that of Mesopotamia and Egypt, modern Pakistan's history isn't merely an extension of India, but appears as a crossroads between the Mideast and South Asia. Many fought to gain a foothold in Pakistan including: Persians, Greeks, Arabs, Turks, Afghans, Sikhs, and lastly the Anglo-Indians of the British Empire. The sharp contrasts between rich and poor, old and new, and the struggles of the varied population to maintain an identity come alive. All you need is this excellent guide and you can navigate Pakistan like a native!

Apart from the scary, unappealing cover, the book is nice. Good addition to keep out to see and browse for the wonderful pictures. Another great thing are the sidenotes that are quite informative and detailed. The maps are GREAT, albiet slightly less detailed. There are no walking or trekking maps within this guide. I would have preferred more details on each area. For example more detailed itineraries, or walking itineraries. Also, no trekking information is available in the text. No info on Kashmir in this one either! An okay book. I rather prefer the other guidebook "Pakistan Handbook". Less pictures in that one, but much more details.

Looks and sounds like a great book to read and to own, I think I might the book in a few days or so.
