Told me everything I wanted to know in these areas. Smaller and lighter than the big India DK book. DK is all I buy if they make a guide for the area I'm in. Probably have 20 or 30 by now. Pictures, descriptions, tram stop info, website reference, phone numbers and opening hours are all here

Just took a trip to India. This book contains all the essentials needed to plan and prepare to get the most of your visit. Pictures and illustrations are wonderfully informative. Get one before your trip and then take it with you. I've used DK travel guides for years - they've always been a trusted and reliable source of information on my journeys.

My wife and I are going on a 5 day visit just to these 3 cities so this is the perfect book to make what must be well planned because our time is short. The book gives us a visual presentation which will help us choose an agenda where we know we must miss a lot of great places. Very good!

I loved this book. Lots of useful information and photos of places inside each city.

There's never been a DK guide that does not satisfy.

Interesting, great buy!

Terrible guide. Too hard to follow.

This is a very useful guide. But some of the information is outdated.
