Top 10 Munich (EYEWITNESS TOP 10 TRAVEL GUIDES)

Synopsis

DK Eyewitness Travel Guide: Top 10 Munich in Kindle format will lead you straight to the very best Munich has to offer. Whether you're looking for the things not to miss at the Top 10 sights or want to find the best nightspots, this guide is the perfect companion. Rely on dozens of Top 10 lists, from the Top 10 museums to the Top 10 events and festivals. There's even a list of the Top 10 things to avoid. The guide is divided by area, each with its own photo gallery and with clear maps pinpointing the top sights. You also can view each location in Google Maps if reading on an Internet-enabled device. From the best beer halls to great castles, from must-see museums and galleries to day trips to beautiful lakes, parks and gardens, Munich is packed with culture and activities for travelers to enjoy. The insider tips in our Top 10 Travel Guide will give you find the best hotels for every budget, plus they'll help you plan great walks and day trip itineraries. At night, visit the liveliest German bars and clubs in Munich and check out the best venues for music and theater. Find the insider knowledge you need to explore every corner with DK Eyewitness Travel Guide: Top 10 Munich.

Customer Reviews

I love these little books! Great research kick off, small enough to take with you. Not only does it give you the top ten museums but then will tell you the top 10 things not to miss at that museum. My

traveling companions love these too! But hey, we are older so relate to books well. Gotta have a pair of reader glasses with you for sure. Esp the maps, but I consider those emergency maps only, just too small. I use this book a lot for "in the room" deciding about what to do next. simple. easy.

You dont need anything else for your trip, truly. Dont understand the negative reviews. Its well organized, has just enough detail on everything there is to see. Small enough to carry around and look up things you come upon in your exploring. The only downside is that the map is not detailed enough of downtown - we used the Streetwise Munich map instead for walking around.

I love the Top 10 books. I buy them for every city I travel too. The Munich one is terrible. Yeah I will give you the most basic information but lacks to go in to detail like the other books. Prior to arriving in Munich we visited Paris, Budapest, and Prague and used the Top 10 books for all these locations and loved them. No this book
CONS: Failed to give addresses of places suggested in the book. Poor descriptions of simple things like Oktoberfest and make it appear that this happens all year long.
Pros Good train map...but that's free at the train station or your hotel

EYEWITNESS GUIDES are the best . nice little maps, all compact.. gives a lot of info in a small size. Love THEM

The book is thin (slick paperback pages) and light weight if you wanted to take it as a reference. Since I bought it I will travel with it, but it's really not worth buying it. I suggest Rick Steves guide to Germany or Fornmers Guide to Germany but are excellent books and crammed with great information. This book has pictures and a little description of what to expect. I don't think I would buy it again as I will be roaming around Bavaria but use Munich as my base

Wonderfully concise book on the best things to see and do in Munich. I plan to be there for a week and wanted to enjoy the best of the best. Oktoberfest isn't on my list of "fun" places to be with 6 million visitors. I can appreciate so many of the other sights that will be most memorable.

I don't know what did to the electronic format, but the regular book format is fine. This book has different sections to suit different interests. The portable map is folded in a funny way, but it has a lot of little hints on the side. I honestly think it's quite easy to use. I do recommend travelers to go to the MVV website to find the most up to date information on public transportation.

The book appeared fine except I couldn't read it except with a magnifying lens. Unfortunately, I have a visual impairment that limits my vision. I ended up giving away the book and buying another on my iPad so I can enlarge as necessary.
