Customer Reviews

For more than twenty years, the Insiders' Guide® series has been the essential source for in-depth travel and relocation information from true insiders whose personal, practical perspective gives you everything you need to know. Snuggled serenely against the pine-covered foothills, punctuated dramatically with the red Flatirons, and crowned with the white halo of the Continental Divide, Boulder is a unique enclave of outdoor enthusiasm, science, education, and New Age culture combined. From Boulder's lively arts scene to the natural beauty of Rocky Mountain National Park, this authoritative guide shows you how to take full advantage of the many wonders of this recreation mecca. Inside you'll find:

- Countless details on how to live and thrive in the area, from the best places to shop and dine to neighborhoods and real estate
- Comprehensive listings of accommodations, festivals, and annual events
- Extensive information on Rocky Mountain National Park and its year-round recreation opportunities
- Sections dedicated to children and retirement

Ann Alexander Leggett has written for Boulder County Business Report, Cycling USA, Out & About

in Boulder, and for the City of Boulder and the Boulder Visitors Bureau.Ã A

A wonderful book for anyone living in or visiting Boulder, CO. No matter what your interests may be, you will find information in this book. I highly recommend it.

Not much help for those staying exclusively in Estes Park and visiting Rocky Mountain National Park. What little info there was about Estes Park wasn't all that much help. I did find a couple restaurants that I hadn't seen in other sources but that was it.

There are only 2 maps and no photos at all. Yes, there are lots of listings and it includes web sites, but it's just that--listings and more listings. It's just not as compelling or interesting as other guides out there. One thing I dislike is the typography: the text is so fine and faint that it can be difficult to read. Were they trying to save on ink costs? It's funny that they actually credit the book designer! She should be fired. I also saw the guide to Denver. Same comments go for that book, though this one is a bit better, thus 3 stars.

THE INSIDERS' GUIDE TO BOULDER AND ROCKY MOUNTAIN NATIONAL PARK, 9TH EDITION is a great book about the city of Boulder, its suburbs, and Rocky Mountain National Park. The "Relocation" section shows both the city of Boulder and its suburbs to be both wealthier and more socially and politically liberal than Denver and its environs, and can steer you to areas where, if you blast music by singers who don't have perfect skin, you won't get busted, a problem which is common in some of Denver's suburbs. It also shows that Boulder and its environs are willing to vote for a female political candidate with problem skin, which people in the suburbs of Denver generally don't do, unless the candidate is pro-gun. Overall, this book shows Boulder to be to the left of Denver, especially in its tolerance of different cultures, so the "Dining" and "Nightlife" sections are also incredible, as is the section on Rocky Mountain National Park, which warns you that speech patterns such as perseveration and repetitive questions will likely draw wolves and wildcats towards you, as well as describing the natural beauty of the park. Overall, this book is a comprehensive guide to Boulder, its suburbs, and Rocky Mountain National Park.
