Modern Automotive Technology Shop Manual

Synopsis

Modern Automotive Technology Shop Manual: NATEF Standards Job Sheets for Performance-Based Learning – covers 100% of the tasks in all three sections of the 2013 NATEF Task List (MAST, AST, and MLR). This comprehensive manual is divided into eight sections corresponding to the ASE certification areas and the eight areas of the NATEF Task List. Each section of the manual is further subdivided into a number of projects, or collections of closely related jobs. Each job is a hands-on activity that corresponds to one or more NATEF tasks. The eight sections of the manual, as well as the projects and jobs they contain, are color coded to make it easy to locate specific content. All jobs are designed to be accomplished in one or two lab sessions. The projects in this manual include a brief introduction about the type of service being performed, a list of the jobs included in the project, and a tools and materials list for the jobs. Three types of special notices appear throughout the jobs, bringing attention to special information or safety considerations for the task being performed.

Book Information

Paperback: 880 pages

Publisher: Goodheart-Willcox; 9 edition (July 1, 2016)

Language: English

ISBN-10: 1631263781

ISBN-13: 978-1631263781

Product Dimensions: 8.5 x 2.5 x 10.9 inches

Shipping Weight: 3.4 pounds (View shipping rates and policies)
